

Governor™ growth regulator

- When a granular product is preferred over a spray application
- Ideal for hard to mow areas
- Reduces clippings by up to 50%

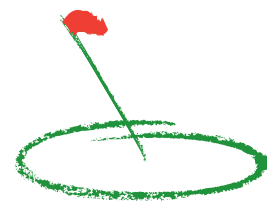

Governor granular turf growth regulator based on Primo® Maxx offers you these benefits:

- When a granular application is preferred over a spray for regulating turf growth
- Reduces clippings by up to 50% which allows for longer mowing intervals
- Redirects grass growth energy into roots and shoots, improving turf density, durability and color
- Contains same active ingredient as Primo® Maxx
- Formulations for golf courses, residential lawns and sports fields
- Product codes AGC5WGR32
